

My mission for dance is to teach people the foundation and history of the Hip-Hop dance culture. Throughout the 17 years of my dance career I've learned many dance styles including Hip-Hop, House, Popping, Locking, Krump, Capoeira and African. I have taught and taken master workshops with the best of the best. With this knowledge I aim to motivate my students and help them to become more innovative in all aspects of dance and life.
